# Chinaski

The CHINASKI CLUB in Frankfurt's prime location at the Alte Oper is a bar and nightclub and has been one of the hottest locations in the city for ten years. The centerpiece of the club is the unmistakable 10-meter-long wall graffiti by the internationally renowned street art duo Herkakat, which covers the entire wall behind the bar. The bartenders at CHINASKI CLUB are masters of their trade and have made a name for themselves with excellent drinks and a large selection of spirits and wines. Whether classic cocktails, the latest trends or our own creative creations - our versatile range of cocktails, long drinks and international wines will delight your guests.

The club's musical orientation is just as unique: at Chinaski, everything revolves around the finest house sound in the city, from electro to deep and vocal house!

The CHINASKI CLUB was awarded the Fizz Award 2014 as the best trend concept and is a member of the Worlds Finest Clubs.
